

Electronic Policy

For school age students

Electronics are allowed at Silver Star Academy; however, the use will be limited. Game consoles, tablets and phones are allowed so long as they don't have service. If any child is seen texting, calling/face timing, or recording, their device will be confiscated for the remainder of the day and they will not be allowed to bring electronics in the building from there on.

*Chargers will not be allowed unless it's a portable one. We will not let the students connect cables in outlets. Have your child charge their device before arrival.

Parents please be aware that teachers and office staff have notified students multiple times about Silver Star Academy's rules and due to them not respecting, these will be the consequences.

Following our policy, Silver Star Academy will not be responsible for any lost/misplaced or broken items.
